

## ANGIE DRISCOLL LESSONS and CLINIC

We are pleased to once again welcome Angie Driscoll back to Wayside Farm.

Angie will be returning on September 17th and will be doing lessons Sept 18th, 19th, 20th, 23rd and 24th and a clinic on Sept 21st and 22nd.

This promises to be the best clinic yet. We are reducing the number of slots in the clinic from 12 to 10 and in those two additional “empty” slots, we are going to have Angie present two areas of training that we think she excels in and that we want to learn about. Firstly, we are going to have her show you exactly how she starts a puppy that has never been on sheep. Yes, we have saved (most impatiently I might add), a Sweet granddaughter that will be 10 ½ months old and has never been on sheep. If any of you have pups that you would like to start with Angie, we would encourage you to let us know and begin to train a lie down and a recall. Our pup, has been practicing a down and a recall, but that’s all she knows and will know at the time of the clinic. Of course, who knows if it will hold up on sheep 😊 Because the pup will be on sheep twice per day, she will end up on sheep 4x over two days so it should be interesting to watch and learn.

The second component of the clinic and reason for reducing the slots is the infamous shed. We will have Angie show us how she begins to teach the shed. And, yes, we are also holding back a dog that has not yet been taught this exercise so Angie can show us how to start the process. While in Wales, I watched her begin to teach a 10 ½ month old dog that had been on sheep 12 times how to shed. It was fascinating that she could get so much out of such a young inexperienced dog. So, we are hoping you will get the privilege of seeing the same. We think this will also add an element of interest to the clinic for all, both novice handlers and open handlers.

Cost of the clinic will be \$300 for both days or \$175.00/day if only one day is desired. Cost of lessons will be \$90/hour.

Angie won the Welsh National Championship with her Pippi, the first WOMAN to ever achieve this and now with Kinloch Mazi she is the overall winner of the 2018 Victor Ludorum for South Wales. This is the highest pointed handler (man or woman) and dog for points gained at all Open National trials listed in the SWDSTA diary. She is once again the first WOMAN to win this award. In addition, Mazi and Angie received the Barbara Carpenter award for the highest pointed lady handler. Angie and Kinloch Mazi were also invited to participate in the second series of 'A Way with Dogs'. The event was filmed and will be available on YouTube in the very near future.

Her young dogs blazed their way to the top and brothers Pele and Carlos both qualified for the Welsh team for the Four Nations Nursery Final held in March 2019!!!

Angie manages a small, 70 acre farm, Ffos Y Fran, in Wales and in her 11th year of trialing, Angie was a 6-time Welsh team member. Angie's successes are too numerous to list and more information about her impressive achievements is available at: [www.kinlochsheepdogs.com](http://www.kinlochsheepdogs.com)
